REMARKS

25X1X

1. Improvement work is being done at the Kamenica (R 49/E 86) airfield and [a large radio station is being set up.] Utvar No 6399 belongs to the field. The cadre personnel are quartered in Trencin (P 49/T 58). *

25X1A * Comment. This is the first report on improvement work at the field. In November 1949 the field was unoccupied, the only hangar was destroyed and only the administration building and barracks buildings were intact.

25X1A airfield, is believed to be correct since 25X1C
25X1C have been mentioned in army reports in recent months. 25X1C

25X1C which was assigned to the field prior to the apparent general
25X1C change of in October 1949, was not known. Since the cadre per-
sonnel are quartered in Trencin it is possible that the ground attack
regiment in Trencin will be transferred to Kamenica or that the airfield
is to be improved, thus becoming a possible training field for this regi-
ment.
